

Student Fees, Fines, or Charges

The district will provide an educational program for the students as free of costs as possible.

The superintendent may approve the use of supplementary supplies or materials for which a charge is made to the student so long as the charge does not exceed the cost of the supplies or materials, students are free to purchase them elsewhere, or provide reasonable alternatives, and a proper accounting is made of all moneys received by staff for supplies and materials.

The board delegates authority to the superintendent to establish appropriate fees and procedures governing the collection of fees and to make annual reports to the board regarding fee schedules. Arrangements will be made for the waiver or reduction of fees for students whose families, by reason of their low income, would have difficulty paying the full fee. The USDA Child Nutrition Program guidelines will be used to determine qualification for waiver. The superintendent will establish a procedure for notifying parents of the availability of fee waivers and reductions.

A student will be responsible for the cost of replacing materials or property which are lost or damaged due to negligence. The student or his/her parents may appeal the imposition of a charge for damages to the superintendent and board of directors.

The student and his/her parents will be notified regarding the nature of the violation or damage, how restitution may be made, and how an appeal may be instituted. When the damages or fines do not exceed \$100, the student or his/her parents will have the right to an informal conference with the principal. As is the case for appealing a short-term suspension, the principal's decision may be appealed to the board of directors. When damages are in excess of \$100, the appeal process for long-term suspension will apply.

If a student has transferred to another school district that has requested the student's records, but that student has an outstanding fee or fine, only records pertaining to the student's academic performance, special placement, immunization history, attendance, history of violent behavior, violent offenses, sex offenses, inhaling toxic fumes, drug offenses, liquor violations, assault, kidnapping, harassment, stalking or arson, and discipline actions will be sent to the enrolling school. The content of those records will be communicated to the enrolling district within two school days and copies of the records will be sent as soon as possible.
